Dear Friends,

Police related suicide is a condition that grips the men and women of law enforcement and their families all too often. These officers have placed their lives on the line for others, many times the stress of their profession coupled with pressures in their personal lives causes them to reach a point where they feel they can't go on. Police are accustomed to making split second decisions under stressful circumstances, it is this instinctive ability that facilitates the decision to perceive suicide as an option. A decision that will have the most overwhelming ramifications on everyone they have touched.

With the generous support of "our" riding community and corporate sponsorship, we are hoping to bring awareness to this all-to-prevalent occurrence. All the while, providing much-needed scholarships to the children of our fallen brothers and sisters. We would like to invite you to join us in countering the effects of police suicide by supporting the surviving children of our fallen. This can be accomplished with a simple sponsorship. We have listed the sponsorship packages available, so you may find the one that is right for you, your business or organization! Thank you!
